Give your child a break with profawo

A program that that suits your child

During three school vacation weeks each year, profawo Zurich offers kindergarten and elementary school children a varied and diverse vacation program.

The children immerse themselves in different themed worlds.

The varied program offers excursions as well as time to relax, play, and pursue their own interests.

Children from kindergarten age to the end of 4th grade can participate.

During our holiday week from the 27. April to 30. April the theme is "The pirate world awaits us."

Pirate launch – off on a new adventure

We start the week with an exciting pirate adventure! Kiki the parrot accompanies us, and every little pirate chooses their own name. In the afternoon, we make hats, eye patches, binoculars, and treasure chests – creativity and imagination are required.

Adventurous pirate games and duels

Our morning starts with exciting games and missions: collecting pirate gold, fending off shark attacks, island hopping, and sinking ships. In the afternoon, we test our courage, skill, and team spirit in small duels. At the end, every brave pirate receives their well-deserved pirate diploma.

Wednesday, 29. April 2026

Little pirates take the stage & the ship

Clear the stage! Children slip into roles, tell stories, and discover the world of pirates. In the afternoon, we sail from Lake Zurich to Thalwil, build a pirate raft, and test which one is the fastest. Finally, there is a delicious pirate feast.

Adventure in the pirate forest

Day trip

On Thursday morning, we're off to the pirate forest! Among the trees and bushes, the children will experience adventures like real pirates – for example, we'll build a rope ladder like the ones on pirate ships. To finish off, we'll split into two groups and organize a treasure hunt for each other with puzzles and hidden clues.

We will all meet again at the main train station at 17:30.

Please bring lunch from home on Thursday.
